BRISKHEAT: YOUR GLOBAL LEADER IN INDUSTRIAL ELECTRIC HEATING SOLUTIONS

Since 1949, BriskHeat has been a trusted name in surface heating and heat trace systems. We specialize in products that support freeze protection, condensation prevention, viscosity control, composite curing, and process heating management. Our solutions are used across a wide range of industries and applications, from pipe heating for semiconductor manufacturing, to OEM systems integration, to complex industrial processes.

Headquartered in Columbus, OH, BriskHeat operates globally with sales offices in Taiwan, China, and Germany, and manufacturing facilities in Columbus, OH, Vietnam, and Costa Rica. As part of NIBE Industrier AB since 2018, we are backed by a global network of engineering and manufacturing expertise.

WHY BRISKHEAT IS THE RIGHT CHOICE

- **Engineered for Performance:** Our patented multi-stranded resistance wire offers unmatched flexibility, durability, and uniform heat distribution, ensuring longer product life and reliable performance in nearly any environment.
- **Custom Solutions:** With thousands of standard products and the ability to custom-engineer solutions, our team is ready to design a heating system for your specific application needs.
- **Comprehensive Support:** We provide complete solutions for a wide range of applications and are backed by a global network of engineering and manufacturing expertise, ensuring you get the right solution and support no matter where you are.

- Heating Jackets
- Container Heaters
- Insulators
- Tapes & Cords
- Hopper Heating Systems
- Silicone Rubber Heating Blankets
- Temperature Controllers

APPLICATIONS:

- Composite Curing
- Condensation Prevention
- Freeze Protection
- Process Heating
- Viscosity Control

SOLUTIONS FOR:

- Aerospace/Aviation
- Agriculture/Farming
- Analytical Instrumentation
- Asphalt/Concrete
- Chemical Processing
- Composites
- Construction
- Consumer/Residential
- Cosmetics/Personal Care
- Energy/Power Generation
- Epoxies/Resins
- Food & Beverage Processing
- Gas Handling
- Gas & Oil
- Heavy Industry/Mining
- HVACR
- Injection Molding/Plastics
- Life Sciences
- Manufacturing
- Paper & Pulp Mills
- Semiconductor
- Transportation
- Water/Wastewater Treatment
