BriskHeat’s Drum / Pail Warmer is a great solution to prevent drum and pail contents from freezing. The warmer helps maintain elevated temperatures, enabling contents to flow even when ambient temperatures drop as low as 0°F. The built-in thermostat keeps the materials in the drum warm between 67° to 85°F.

BriskHeat Corporation has been producing high quality and industrial grade drum and pail warmers for the past 64 years, providing users with unmatchable durability and reliability.

Features:
- Portable plug-and-play design
- Can be used on metal or plastic drums and pails
- Suitable for both outdoor and indoor uses
- Moisture and chemical resistant
- Effective in ambient temperature as low as 0°F
- Extra-wide 4” heater coverage with stretchable spring fastener
- Available in variety of sizes: 5, 15, 30 and 55 gallons

Specifications:
- Voltage: 120VAC
- Thermostat: Built-in, self-regulates between 67° (+/-9°F) to 85°F (+/-5°F)
- Power cord: 6-foot power cord with standard 3-prong wall plug
- Grounded for safety: Patented 360° grounded heating element
- Watt density: 4 watts/sq in

Common Uses:
- Freeze Protection
- Warming contents of drums and pails
- Preventing Chemical Separation or Crystallization
- Keeping paint warm

Industrial Grade:
Rugged construction for unsurpassed durability

1 Year Warranty
Made of silicone rubber: Resists moisture & chemicals

Stretchable spring fastener: Easy to install

6-foot power cord with standard 3-prong wall plug

Built-in thermostat: Regulates heater between 67°F to 85°F
