

**NEW**

**BriskHeat®**  
Corporation

**Reusable Cloth  
Insulators**

**Ideal For:**

- Freeze Protection
- Process Control
- Energy Conservation
- Personnel Protection
- Sound Attenuation
- Tanks
- Valves
- Flanges
- Tubing
- Heat Exchangers
- Instrumentation
- Turbines
- Exhaust Systems
- and Many More
- Industrial
- OEM
- Semiconductor
- Power Generation
- Geothermal
- Aerospace
- Biomedical
- Military
- Drilling
- and Many More

**REUSABLE, DURABLE, and  
ECONOMICAL**

The main advantages over other insulation systems.

**DESIGNED SPECIFICALLY for  
YOUR APPLICATION**

Form-fitted Reusable Cloth Insulators are fabricated to the shape of the targeted equipment. Rugged Reusable Cloth Insulators are designed to meet your specific thermal requirements.

**VERSATILE**

Our Reusable Cloth Insulators offer a practical solution for hard to fit or irregular shaped equipment operating up to 1100°F (593°C).

**THERMALLY EFFICIENT**

Experience greater thermal efficiency than other conventional insulation systems with these lightweight, flexible and vibration-resistant Insulators.

**LABOR SAVING**

An instant payback is realized the very first time our Reusable Cloth Insulators are removed and reinstalled.

**SAVE ENERGY**

Reduce heat loss as much as **90%**

**SAVE TIME**

Reduce maintenance **downtime** with **quick** and **easy, removal** and **installation**

**SAVE MONEY**

Our **Reusable Cloth Insulators** offer **excellent** thermal **value**, with noticeable **payback within six months** or less

**EASY INSTALLATION**

**Features and Benefits:**

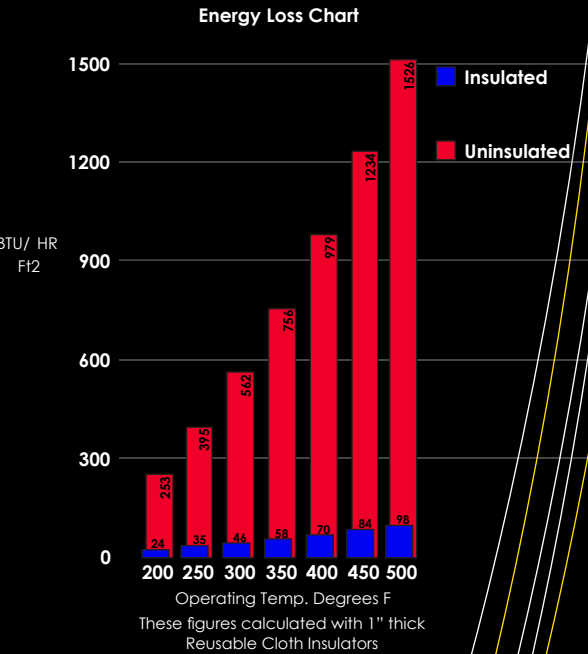

- Compliments our full line of heating products like:
  - Flexible heating tapes
  - Heating cable
  - Silicone Rubber Heaters
- Reduced installation and maintenance cost
- Quick installation
- Durable and long-lasting
- Configured-to-order
  - Fit any surface and application
  - Wide exposure temperature range: up to 1100°F (593°C)

**INSTALLS  
IN MINUTES**

**NO  
SPECIAL TOOLS  
REQUIRED**

**NO  
SKILLED LABOR**

## FACING AND LINER

Wide variety of materials available to meet your temperature and environmental needs.

- Silicone Impregnated Fiberglass Cloth
- FEP Gray Cloth
- Cleanroom Materials
- Aluminum Cloth
- And More

## INSULATION

Fiberglass, glassmat, or ceramic materials available in multiple thicknesses

## FASTENER OPTIONS

Hook and Loop Fastener

Stainless Steel Lacing Anchors

Circumferential Belts with "D" rings

Terminal End Rope Draw-Cord

Heating Cable

Cloth Heating Jackets

Silicone Heating Blankets

Heating Tapes and Cords

Tank and Hopper Heating Systems

Drum and Pail Heaters
