

# YES WE HEAT THAT!

**Full Range of Surface and Immersion Heat**

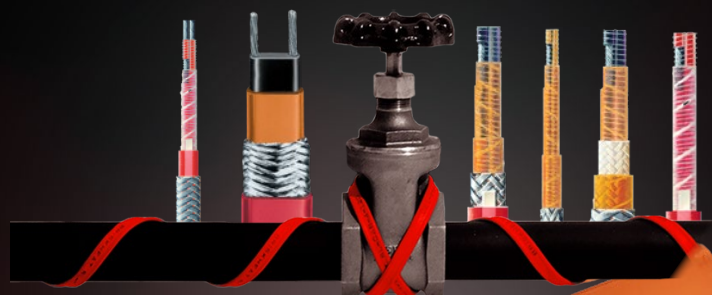

Your **Heating** Specialist since 1949

- Freeze Protection
- Laboratory Apparatus
- Containers/Vessels
- Semiconductor Processes
- Temperature Process Control
- Composite Curing
- Gas/Vacuum Bake-Out
- Hazardous Areas
- Viscosity Control
- OEM Equipment
- Custom Heat and Controls
- Condensation Prevention

Heating Cable

- ◆ Full Range of Surface and Immersion Heat
- ◆ Custom Engineering Capabilities
- ◆ Expert Application Support
- ◆ 70 Years of Experience

Silicone Rubber Heaters

Aluminum Foil Heaters

Etched Foil Heaters

Drum and Pail Heaters

IBC/Tote Tank

Hopper Heaters

Heating Cords

Hazardous-Area Heaters & Controllers

Cloth Heating Jackets

Flexible Heating Tapes

**BriskHeat®**  
Since 1949

Temperature Controllers

Laboratory/R&D Heaters

Band and Nozzle Heaters

Cartridge Heaters

Insulators

Gas Cylinder Warmers

Hot Bonders & Composite Curing

Vacuum Debulking/Curing Tables

Tubular Heaters

Mineral Insulated (MI) Heating Cable

HVAC Soft Starters

Hot Belt Jug Warmer

Anti-Condensate Pans

Process temperature control

Condensation prevention

Freeze protection

Composite curing

Flow/viscosity control

Vacuum bake-out control

And much more

Global Approvals include:

UL US

# About BriskHeat

## **BriskHeat offers a full range of surface and immersion heating products, controllers, insulators, and accessories for a wide-variety of applications.**

BriskHeat products include heating tapes, cables, blankets, drum and tote heaters, cloth jackets, tubular heaters, band and cartridge heaters, composite curing systems, and more. Since 1949, BriskHeat has provided quality heating and temperature control solutions to industries including petrochemical, semiconductor, food processing, biotech, aviation, steel, laboratory, power generation and many others.

BriskHeat has a broad range of experience with applications including freeze protection, viscosity control, condensation prevention, and process heat. Additionally, we offer expert application support and custom engineering and thermal simulation services.

Large projects or small, high volume or low, domestic or world-wide, BriskHeat stands by to help you solve your application issues. With an accessible staff of sales and application engineers experienced at helping you find the most economical solution for your needs, BriskHeat is your heating specialist.
