

## INTRODUCTION TO HOPPER HEATING SOLUTIONS

**Eliminate Bridging, Pluggage, Condensation, and Corrosion**

### Features & Benefits

**BriskHeat®** Hopper Surface Heating Systems maintain elevated temperatures above moisture and acid dew points using a proven combination of:

- ▶ Modular hopper surface heaters
- ▶ Flexible heating tapes for throats, poke tubes, and manways
- ▶ Temperature control and installation hardware
- ▶ Easiest and lowest cost-of-installation
- ▶ Most cost-effective and energy-efficient heat possible across a large surface area

### Metal Clad

#### Benefits

- Higher maximum exposure temperature: Up to 1000°F (538°C)
- Minimal surface preparation time

### Silicone Rubber

#### Benefits

- Lowest profile and best surface contact
- No welding or mechanical attachments necessary
- Hazardous area-rated model available
- Agency approvals available
